Intermediate Care Facility for Intellectually Disabled or Home and Community Based Waiver

Prior to 1991, Medicaid only paid for habilitation and other services for people with Intellectual Disability/Related Disabilities if the person was admitted to an Intermediate Care Facility for People with Intellectual Disabilities (ICF/ID). The federal approval of Home and Community-Based Waiver programs allowed Medicaid to pay for those services outside of an ICF/ID. Section 1915(c) of the Federal Social Security Act enables the state's Medicaid agency, South Carolina Department of Health and Human Services (DHHS), to collaborate with the South Carolina Department of Disabilities and Special Needs (DDSN) to operate a Home and Community-Based Waiver so that South Carolinians with Intellectual Disability/Related Disabilities can have a choice about where needed services are received. South Carolina's Intellectual Disability/Related Disabilities (ID/RD) Waiver allows those who currently live in an ICF/ID to choose to receive needed services outside of the ICF/ID in a home-like setting. These settings may be ones that are sponsored by DDSN such as a Community Training Home, Supervised Living Program or Community Residential Care Facility or may be the consumer's own home or the home of a family member.

Because you or your family member currently receives Medicaid funded services in an Intermediate Care Facility for People with Intellectual Disabilities (ICF/ID), you can choose to receive needed Medicaid funded services outside of the ICF/ID by requesting enrollment in the Intellectual Disability/Related Disabilities (ID/RD) Waiver.

ID/RD Waiver Enrollment

It is likely that you/your family member already meets the requirements for participation in the ID/RD Waiver, which are that the participant:

- ✓ have an Intellectual Disability or a Related Disability,
- ✓ be Medicaid eligible,
- ✓ require the degree of care that would be provided in an ICF/ID; therefore, meet ICF/ID Level of Care criteria, and
- ✓ have needs that can be met by providing the services covered by the waiver.

In addition to these requirements, in order to participate, you/your family member must choose to receive needed services in a home-like setting rather than in an ICF/ID.

Services Funded by the ID/RD Waiver

ID/RD Waiver participants can receive the services listed on page 3 when there is a need for the service, the service is authorized, and a provider is available.

Waiver enrollment will only be terminated if the participant:

- is re-admitted to an ICF/ID or nursing facility,
- no longer requires the degree of care that would be provided in an ICF/ID; therefore, no longer meets ICF/ID Level of Care,
- is no longer eligible for Medicaid as determined by DHHS,
- no longer wishes to receive services funded by the ID/RD Waiver, or
- does not receive a ID/RD waiver service for 30 consecutive days.

If you want to know more or want to choose the ID/RD Waiver:

Contact your/your family member's Qualified Intellectual Disability Professional (QIDP) or the Executive Director of the Disabilities Board in your county.
